REACH SEEKERS OF MANUFACTURING INNOVATIONS!

In 2012, *Manufacturing Engineering*® media will launch a new solution for you to **engage qualified seekers** of new products, processes and manufacturing efficiencies. Led by industry experts, *Manufacturing Engineering* Webinars are **highly interactive experiences** that offer **timely topics & authoritative content**. Attendees will enhance their personal knowledge and skills—*exceptional training without the cost of travel!*

Webinar registrations are free for targeted, qualified attendees: SME members and *Manufacturing Engineering* subscribers. After registration, attendees will receive an email confirmation and instructions on how to participate in the webinar. Webinars also will be archived for convenience and reference.

EXCLUSIVE WEBINAR SPONSORS RECEIVE...

- Company name, logo and URL/link prominently displayed in attendee promotions for Webinars.
 - Full-page webinar ad placed in *Manufacturing Engineering* print and digital editions
 - Promotional ads placed in SME's Industry eNewsletters
- Minimum of two broadcast emails sent to the target audience and prospective attendees
- 30-second company commercial during the Webinar
- Sponsor participation in live Q&A session
- Option to add a question to the Webinar registration form
- Post-Webinar leads complete with demographics and full contact information
