

# SME MEMBER BENEFIT!

A valuable benefit of SME Membership is complimentary access to SME's *Journal of Manufacturing Systems* (JMS) and *Journal of Manufacturing Processes* (JMP) on the ScienceDirect® content platform.

Your SME Membership gives you free access to content valued at \$1,322 (US) in combined subscription costs annually.

All of the peer-reviewed manufacturing research papers published in these journals from 1982 to present are posted exclusively on ScienceDirect for paid access (and a financial benefit back to SME) by researchers and institutions worldwide.

Follow the instructions below to validate your SME membership number on the SME ScienceDirect site. You will then be prompted to either associate your SME member access with an existing ScienceDirect account you may have from a university or company, or you can create a unique ScienceDirect username and password for the SME ScienceDirect site.

These are the two pertinent Web addresses:

To initially activate your SME membership number with ScienceDirect (must use "https"):

<https://www.sciencedirect.com/sme/activate/member>

For ongoing access after ScienceDirect registration, the SME ScienceDirect site is:

<http://www.sciencedirect.com/sme>
